## OLAA LABOR TROUBLE.

Hilo, Feb. 15.—There was a little difficulty among the Japanese of the Olua Sugar Co. on Tuesday which resulted in sixteen of them being brought to Hilo and lodged in jail. From information at hand the trouble occurred in the division presided over by Mr. Fuller and was the outcome of the men declining to work at clearing land when their contracts provided for field work.

One gang quit work with the intention of calling on Manager McStocker. They marched in the direction of Mountain View carrying their hoes and caneknives and in passing other gangs at work were joined by them so that when Mountain View was reached there were several hundred in line. As indications pointed to a riot all the lunas from the other divisions were called to headquarters. Eleven men were placed under arrest and sent to Hilo. Later in the day there was a recurrence of the trouble and Sheriff Andrews was telephoned to for assistance. He left at 4:30 p. m. with a posse including Frank Smith as a special officer, reaching Mountain View in about four hours. Five men believed to be ringleaders in the difficulty were arrested and brought to Hilo and locked up and several of the lunas came down yesterday afternoon to appear against them as witnesses.

The presence of so many armed Japanese in the vicinity of the homes of the white employes caused considerable excitement. One Japanese called on Mrs. Fuller and told her that her husband had been killed and that the laborers would come to the house and kill her.

A gentleman connected with the plantation gives it as his opinion that the trouble is the result of the conviction of a Japanese in the police court here last week of assault upon Mr. Fuller. That Japanese belonged to the camp at 20 miles where all the trouble originated; the men there are from the interior of Japan and are unaccustomed to discipline at home so that when authority is exercised here they are inclined to rebel.

## Advocates Cable to Japan.

San Francisco, Feb. 9.—"In my judgment," said Kahe Otani, the commercial envoy of Japan, "the United States is today the most powerful of all the countries on the face of the globe, and it is destined to go on with tremendous strides." This opinion he expressed in an after-dinner speech made at the Pacific-Union Club on Wednesday night.

He said, further, that all Europe is in a silent ferment of commercial unrest, due to the dread of international trouble on the Continent. The United States is commercially secure and financially powerful. Europe controls America's telegraphic communication with the Orient. A war in Europe would cut this country off from such communication with Japan and China. A Pacific cable from San Francisco to Yokohama is the logical solution, declared Otani. He said that Japan will gladly pay half the cost, and he knew that much of her commerce would follow the cable, as Japan is nearing the time when it is physically unable to produce enough foodstuffs for its population. He asserted that in America there is business security and confidence, along with wealth. Otani and his two secretaries return to Japan today. He is president of the Chamber of Commerce of Yokohama and a merchant prince.
